

# FIGHTING PISTOL

## Course Description

The “Fighting Pistol” is comprehensive 1-day course for professional armed Law Enforcement Officers or Military personnel. This course will concentrate on refining the handgun fundamentals and the ability to apply them in compressed time frames, consistent to real world engagements.

Incorporated in this course are tactical movement, shooting at increased distances, conventional and unconventional shooting positions, the proper use of cover, addressing multiple threats and shooting from close contact/weapon retention.

The class is taught by experienced California POST certified law enforcement firearms trainers, Marc Fleischmann and Clint Achziger. Both instructors have decades of experience providing tactical firearms training to civilians, law enforcement and military personnel. Don't miss this opportunity to train with the best!

***Prerequisite: Prior formal handgun training***
